

Introduction

Available with Stainless Steel or Black Bezel, the IT-120 POS Terminal is well suited to the Hospitality Industry and can be mounted on a Stainless Steel Pole.

Optional peripherals include a 7" Customer Advertising Screen, Magnetic Card reader and RFID Clerk Reader.

The Idealpos IT-120 POS Terminal features a 12" Touch Panel with a 1024 x 768 screen resolution.

The Integrated Intel Graphics 2 64MB display adapter provides exceptional picture clarity and dramatically increases the performance of the Idealpos Software.

Features

- ✓ Axiomtek Industrial Grade Mainboard
- ✓ Supports 2 Cash Drawers
- ✓ Heavy Duty Steel Case
- ✓ Stainless Steel or Black Bezel
- ✓ Can be mounted on a Stainless Steel Pole

Operating System

The Idealpos IT-120 POS Terminal is preloaded with Microsoft Windows POS Ready 2009 Operating System. Designed specifically for Point of Sale Systems, POS Ready 2009 is fast, reliable and looks and feels like Windows XP Operating Systems.

Customer Advertising

The Ideal 7D Customer Display can show full colour images or movies while being served.
